## About Us

Jodova (CB) fulfils the requirements of ISO/IEC 17065 and will ensure that the Certification Scheme(s) for Product Certification, are controlled and operated so as to ensure, amongst other things, that they are impartial, and that decisions taken and implemented at all levels, including Management and Committees, are free from commercial or other pressures that may prevent the objective provision of certification services.

## Vision

Our Vision is to be the Vanguard in Safety Certification, setting the Gold Standard for Excellence in the Assessment of Products and Projects across Safety-critical Industries.

## Mission

Our Mission is to Safeguard Lives and Enhance Industry Integrity by providing meticulous Safety Assessment and Certification Services.

## About Company

Jodova Technologies Pvt. Ltd. leads the way in safety assessment and certification, delivering meticulous certification services for Rolling Stock and Signalling equipment in compliance with the stringent EN standards under the IAF and ICS classification codes, scope no. 22.

To gather more information about the Certification Scheme contact us through the Mail ID or the Phone number

## Certification Scheme

At Jodova, we follow 4 Certification Schemes (derived from BS EN ISO/IEC 17067:2013);

- Scheme 1a: Activities: Selection, testing, inspection, design appraisal. Outcome: Issuing certificates of conformity.
- Scheme 1b: Includes 1a activities. Additional: Certificates for Batches, Use of Conformity Marks.
- Scheme 3: Includes 1a activities. Additional: Certificates based on Batch Surveillance, Factory Sampling, Production Assessment.
- Scheme 5: Builds on Scheme 3. Adds Open Market Sampling, Management System Audits.

## Certification Life Cycle

The following are the sequence of Certification Cycle, which are followed:

- Application for Certification
- Construction of a detailed Evaluation Plan
- Acceptance of Conformity results generated prior to the application
- Initial Product Evaluation
- Onsite Assessment
- Communication of Non-Conformities to the client
- Generation of an Evaluation Report
- Review, Decision, Attestation
- Surveillance

For further inquiries regarding the Certification Life Cycle, we encourage you to reach out to us using the provided Mail ID or Phone Number.
